JAVA PROJECT REPORT ON

Scholarship Eligibility System

Submitted by

AKSHAI PRANAV GB

25BIT002

DHILEEBAN A

Under the Guidance of

Technical Trainer

Technical Department, KG College of Arts and Science

Academic Year: **2025 – 2026**

APRIL 2026

Semester: **I**

DECLARATION

I hereby declare that the project entitled "Student Academic performance management System with grade calculation"submitted in partial fulfillment of the requirements for the course [**JAVA PROGRAMMING]** is a **record of my original work** carried out under the guidance of **[DHILEEBAN A]**, Technical Trainer, Technical Department, KG College of Arts and Science.

I further declare that this project has not been submitted previously, either in part or in full, for the award of any degree, diploma, or other similar title, at this or any other institution.

I have acknowledged all sources of information used in this project wherever applicable.

April 2026

Coimbatore

AKSHAI PRANAV GB

CERTIFICATE

This is to certify that the project entitled **"**Scholarship Eligibility System**"** is a **bona fide work** carried out by **[AKSHAI PRANAV] [I-B.SC. INFORMATION TECHNOLOGY]**, [**INFORMATION TECHNOLOGY]**, **KG College of Arts & Science**, in partial fulfillment of the requirements for the course **[JAVA PROGRAMMING]**.

This project has been completed under my supervision and guidance during the academic period **April 2026**.

Place: COIMBATORE

Date:9/04/2026

Submitted for the Viva-Voce Examination held on 09-04-2026

Student Academic Performance Management System with Grade Calculation

Page 1: Introduction

The College Course Registration and Subject Enrollment System is a software application designed to simplify and automate the process of course selection and subject enrollment for students in a college. Traditionally, this process is done manually, which can lead to errors, delays, and inefficiencies. This system provides a digital solution to manage student registrations, course listings, and subject allocations efficiently.

Page 2: Objectives

The main objectives of this system are:

To provide an easy interface for students to register courses.

To reduce manual work and paperwork.

To maintain accurate records of student enrollments.

To allow administrators to manage courses and subjects effectively.

Page 3: System Overview

This system allows students to:

View available courses and subjects.

Register for courses online.

Enroll in selected subjects.

The admin can:

Add or remove courses and subjects.

Manage student details.

Monitor enrollments.

Page 4: Features

a) Student Module

Student registration and login

View available courses

Select and enroll subjects

View enrolled subjects

b) Admin Module

Add/Delete/Update courses

Add/Delete subjects

View student enrollment details

c) Course Management Module

Maintain course details

Assign subjects to courses

d) Enrollment Module

Handle subject selection

Prevent duplicate enrollments

Store enrollment data

Page 5: Modules

User-friendly interface

Secure login system

Real-time data management

Easy subject selection process

Error reduction in manual entries

Page 6: Grade Calculation Criteria

Saves time and effort

Reduces paperwork

Improves accuracy

Easy access to information

Efficient data management

Page 10: Conclusion

The College Course Registration and Subject Enrollment System is an efficient solution to manage course registrations digitally. It minimizes manual errors, enhances speed, and provides a better experience for both students and administrators.
